

Scale your impact.

Take your organization and your impact to the next level with BSP.

Over the last six years, Blue Sky Partners has supported over 50 nonprofits and governmental agencies at the local, regional, national, and international level to help develop strategic plans, decision matrices, logic models, and perform organizational diagnostics. Each member of our team has a track record of building and scaling organizations—in the last six years, we've used that experience to help our clients build strategies, launch and scale more than 100 departments, initiatives, projects, and products. Additionally, Blue Sky Partners has been involved in building inclusive processes and programs for the **Aspen Institute's** Digital Equity Accelerator, **Trinity University's** Stumberg Accelerator, multiple programs with the **City of Austin**, and the design of a workforce navigator with **inTulsa**.

Accelerators and impact

Business Strategy

- Business model development
- Financial model development
- Strategic planning

Business Process Outsourcing

- Marketing
- Project management
- Donor strategy

“Blue Sky Partners has been a vital collaborator in our strategy of spurring social innovation through community-focused accelerator programs. They're the best I've worked with in bringing diverse and often overlooked organizations together and elevating them to the next level of performance. Their work has directly created significant advances in homelessness services, displacement prevention, and green jobs access (among other areas) in Austin.”

DANIEL CULOTTA, INTERIM CHIEF INNOVATION OFFICER, CITY OF AUSTIN
